# **ADVANTAGES OF OUR SYSTEM**

## **Perpetual**

Dispenses with the annual transfer of ledgers. Once opened no further extra labor of the bookkeeper is required.

## **All Items of an Account**

Are kept together, no matter what length of time the account covers, or how active it may be.

## **Live Accounts Only**

Are retained in the Current Ledger. All filled leaves and closed accounts are filed in Transfer Ledger.

## **Quick Reference**

The index being distributed through the book admits of locating the accounts much more rapidly. No separate index necessary.

## **Saves Time Posting and Balancing**

As only open accounts are dealt with, and these are all properly arranged and their position is always the same.

## **Arrangement of Accounts**

Can be had as to locality, by states or salesman's territory, in alphabetical order, as to time of opening, or activity.

## **No Spacing Necessary**

Each account is given a separate leaf. Active accounts can therefore have unlimited space.

## **Less Liability for Error**

Accounts are more surely located, and with one account on each leaf the proper space is readily found.

## **Expansive**

It admits of insertion of new accounts from time to time in proper place without disturbing any other.

## **Easily Handled**

As both sides of the leaf are used for each account, a much smaller sized book can be used.

## **Facility**

One or a dozen persons can work on the books at one time in taking off statements or posting or balancing.

## **Convenience**

Of having a customer's account all together, saving time of bookkeeper looking through a lot of old ledgers.

## **Simplicity**

A trial balance is more readily taken off. Tabulation or abstract is simplified and systematized.

## **Adaptability**

Any business of any size, or any sudden change in activity, as well as any arrangement necessary, can be accommodated.

## **Economy**

In every case it costs far less in the long run—less in material, less in time, less in labor.

OVER 23,000 BOOKKEEPERS NOW USING OUR LEDGERS TESTIFY TO THESE POINTS OF SUPERIORITY

# **SPECIAL LOOSE LEAF SYSTEMS**

## **For the Purchasing Department**

Requisition Order Systems in Manifold, Quotation Record, Cost Book, Purchase Record, Stock Report, Perpetual Invoice Filing System.

By the use of a number of these systems in combination, we not only accomplish what you now secure with your present methods, but in addition we give you an absolute check and instant reference as to goods ordered, en route and received; instant and accurate information as to the amounts owing; absolute certainty that accounts are correct, as you work with the O. K.'d invoice itself, and not with figures three or four times transferred from the original invoices; the assembling of all invoices for any one firm in one place; an absolutely flexible system that will work just as well with 50 as 5,000 accounts, which will save 25 to 50 per cent. of the amount of work done at present.

## **For the Sales Department**

Order Blank System, Binders, Holders and Blanks; Manifold Order Books and Blocks.

We can create an Order System, suitable to any business, whereby the original order can be used for filling, shipping, billing and charging the order, and thereby eliminate all journalizing of sales.

Billing and Charging System.

Adapted to most any business — an invoice and journal entry being made at one writing.

Can be used either for typewriter or hand writing; produces an exact copy of every invoice.

Salesmen's Price Books, Route and Expense Reports, Advertising Information Reports.

## **For the Shipping Department**

Safety Manifold Shipping and City Delivery Receipts and Books.

By the use of which errors in shipment are prevented and all possibility of loss through miscarriage eliminated.

## **For the Accounting Department**

In this department we offer the greatest labor-saving systems known to accountants. We can create for any mercantile or manufacturing business a complete system on the loose leaf plan whereby a daily statement of the condition of the business can be procured as soon as the day's posting is done, making a monthly trial balance unnecessary.

Perpetual Ledgers — General Sales and Creditors.

Perpetual Trial Balance and Proof Books, Journal, Cash and Other Auxiliary Books.

On the loose leaf plan facilitate, to a great degree, the work of the accountant. We also furnish

Bills Payable and Receivable Forms, Voucher Systems, Check Registers,

Pocket Ledgers and Collection Reports.

Monthly Statement System.

Especially adapted to a credit business where an itemized statement is issued. By this system we save all itemizing in the ledger. It has many other commendable features.

Inventory System.

By which any number of clerks can work thereon at one time without the necessity of rewriting.

## **For the Manufacturing Department**

We devise Special Factory Order Systems, Cost, Material and Labor Records, Time and Pay Roll Records, etc.

Factory cost accounting is one of our specialties, and we can provide a system by which an accurate account can be kept of all material, labor and expense, showing actual cost of each article produced.

## **For Banks and Trust Companies**

Loose Leaf Systems have become generally recognized as especially suitable for Commercial and Savings Banks, and have been universally adopted for

General Individual and Liability Ledgers, Journals, Receiving Tellers' Reports, Clearing House Reports, Discount Registers and Ticklers, Check and Draft Registers, Collection Registers and Ticklers, Minute and Signature Books.

**Our Daily Balance Book** offers many advantages over any other system of daily balancing. We have also devised many useful manifold forms for the Collection Department, saving time and labor.

## **Baker-Vawter Audit Department**

Regular and Special Audits made for Corporations, Firms and Individuals. Financial and Physical Examinations by Experienced Auditors and Engineers. Takes Entire Charge of Corporation and Private Records, and Keeps Accounts of Executors, Guardians, Trustees and Receivers. Has Competent Practical Examiners for Banks, Insurance Companies and Other Financial Institutions.

A certificate from this company after a thorough examination is useful as a basis for credit, purchase or sale.

## **Complete Business Systems Devised**

This Company makes a Specialty of Devising Complete Systems for Financial, Mercantile and Manufacturing Institutions, Employing all Well-known, Proven Methods and Appliances.

By means of these harmonious systems the results in each department are known in detail at the close of business. Accurate account is kept with all stock purchased and sold. By removing all friction between employees and departments, all work is greatly facilitated, and time and labor saved. Correspondence solicited.
